30TH MEDICAL COMMAND (DEPLOYMENT SUPPORT)

SEPTEMBER - NOVEMBER 2011 (VOLUME 1, ISSUE 1)

Senior Leaders

Command Sergeant Major and Ceceilia King, and Kathy and I, wish you and yours the best this holiday season.

This is the season to count our many blessings and reflect on those things we hold most dear. Please keep all deployed Soldiers – especially 30th MEDCOM Soldiers from the 67th Forward Surgical Team (Airborne) and 64th Veterinary Detachment – and their Families in your thoughts and prayers. We recognize the additional sacrifice made by these Soldiers and their Families and maintain our steadfast commitment to help in any way we can.

Thanksgiving is traditionally the beginning of winter activities. Take time this season to plan ahead, and remember to remain vigilant. [CLICK HERE FOR THE THE FULL MESSAGE](#)

Sincerely,

JOHN M. CHO
COL, MC
Commanding

News

421st MMB's "Viper Pit" provides realistic training

WIESBADEN, Germany (Nov. 18, 2011) - Wiesbaden-based medics keep thier skills fresh thanks to some realistic training. [MORE](#)

Airborne FST cases its guidon for deployment

MIESAU, Germany (Oct. 31, 2011) - Soldiers, Family Members, and friends of the U.S. Army Europe's only airborne forward surgical team gathered at the Miesau Fitness Center recently to formally mark the first step in the unit's deployment. [MORE](#)

Coalition medical training at the Grafenwoehr Training Area

GRAFENWOEHR, Germany (Oct. 17, 2011) - It may just look like another series of tents on the Grafenwoehr Training Area. But what's going on inside could save lives. JMTC's Christian Marquardt gives us a glimpse inside partner-nation training at the U.S. Army's 212th Combat Support Hospital. [MORE](#)

Medical simulations add to Full-Spectrum Training Environment

GRAFENWOEHR, Germany (Oct. 27, 2011) - The 173rd Airborne Brigade Combat Team kicked off the first Full-Spectrum Training Environment rotation in U.S. Army Europe at the Hohenfels Training Area in October, but the 173rd isn't the only unit that benefited from the training environment. [MORE](#)
